Your trusted partner in worldwide trade.

Introduction

Green cardamom, often called the 'Queen of Spices', is one of the most valuable spices grown in Kerala, India. It is widely used in cooking, beverages, and traditional medicine. Kerala produces high-quality cardamom known for its strong aroma and green color.

Size Classification

Cardamom is graded by size using sieve measurements (in millimeters):

- 6 mm: Small size, lower value
- 7 mm: Medium size
- 7.5 mm: Good quality
- 8 mm: Premium quality
- 8.5 mm: Superior premium
- 9 mm+: Extra bold, highest quality and price

Grades of Green Cardamom

Grades are determined by size, color, weight, and quality:

- Alleppey Green Extra Bold (AGEB):
 - Size: 8 mm+
 - Deep green color
 - Highly aromatic
 - Export quality
- Alleppey Green Bold (AGB):
 - Size: 7–8 mm
 - Good green color
 - Strong aroma
- Alleppey Green Superior (AGS):
 - Medium size
 - Slightly lighter color
- Bulk Grade:
 - Mixed sizes
 - Lower quality
 - Used for domestic markets

Packaging Types

- 1 kg, 5 kg, 10 kg bags
- Vacuum packaging for export
- Bulk gunny bags (25–50 kg)

We transform the aroma of premium green cardamom into excellence you can trust.
